Kerry talked about the fact that the P&C were looking for a project this year. Some suggestions were an outdoor shade sail; covered walkways to canteen from quad and pergola to classes that do not have a covered walkway at a cost of \$25,690.00. Kerry indicated that this might be the project for the

P&C this year. Kerry also reminded the P&C that volunteer's need to fill out the prohibited person's form, available in the office.

The current OASIS is being replaced. It will take a long time before this will be 'perfect'. However, it will give students' the ability to access our own school library, other school libraries and public libraries from school and home computers. Kerry said there were expressions of interest for a 'Light house' trial and Budgewoi Public School will be the first to trial it on May the 18<sup>th</sup> 2015. This being the case, BPS, will be the experts to teach other schools in 12 weeks.

The financial side of OASIS will be rolling into schools in Term 3.

Annie alerted the meeting, and Kerry in particular, that book club had available \$200.00 or more available in rewards to spend and enquired how this might be best spent. Kerry suggested that this might be best spent buying 'books for rewards' for students'. ANNIE IS GOING TO LOOK INTO THIS.
